The Conference was sponsored by the Second District Valley Forge Dental Association (VFDA) and over the last 25 years has grown to become the premier dental meeting for continuing education not only in Pennsylvania, but throughout the entire tri-state area. The theme for this year's conference was **"Celebrate, Discover and Grow Your Practice."**

The conference featured educational sessions with nationally recognized speakers, exhibits of dental products and services, and a Seaside Celebration on Thursday evening, March 2, featuring a recreated boardwalk by the sea, capped off with a recognition ceremony. Dr. Stone, who has served as Scientific Program Chair for the Valley Forge Dental Conference in 2005, welcomed the opportunity to chair this landmark event. "Continuing education is very important in the dental field, states Stone. "Even in this down economy, our members, visiting dentists and students recognize the need to keep abreast of the latest scientific findings. With this being the 25<sup>th</sup> year, we have also thrown in some fun and recognition of those who have worked so hard to keep this conference a vital contributor to the profession."
